FROM THE JUNGLES OF PANAMA

Swan Orchids

(Cycnoches chlorochilon)

The beautiful SWAN ORCHID from Panama is one of the easiest to grow, most rewarding of all orchid species. The plants can be grown in most any media, fir, Cymbidium soil or hapu. The lovely long lasting large green and yellow 4" flowers last for weeks and are wonderfully fragrant. They are borne on the new growths which are developed in the summer.
